Introduction

This useful worksheet activity helps you to teach your students about containers and amounts that go with food and drink items.

Procedure

Give each student a copy of the worksheet.

Tell the students to complete the food and drink items with the container and amount words from the box on the worksheet.

When the students have finished, check the answers with the class.

Answer key**Exercise A**

a piece of cake	a carton of milk
a glass of champagne	a tube of toothpaste
a box of chocolates	a slice of bread
a bottle of beer	a can of coke
a jar of jam	a packet of potato chips
a bowl of cereal	a bunch of grapes

After that, students complete container and amount phrases with the food and drink vocabulary from the box.

Explain that the words can be used more than once and that several items may have more than one correct answer.

Finally, review the students' answers as a class.
